

RESIDENTIAL RELENTLESS ROPE TRAINER ASSEMBLY GUIDE

VERSION: XRR-ROPE-XR-101

PART #: 6088001-B

TORQUE USA

PRODUCT WEIGHT: 56 lb [24 kg]

Complies with the following:

2001/95/EU General Product Safety Directive

2011/65/EU Restriction of Hazardous Substances Directive

TABLE OF CONTENTS

Important safety instructions:

- Important safety instructions for using equipment: **Page 4 and 14**
- Important safety instructions for assembling equipment: **Page 4**
- Obtaining service: **Page 4**

General Notes:

- Unpacking equipment: **Page 5**
- Tools required: **Page 5**
- Optional equipment: **Page 5 and 6**
- Assembly tips: **Page 5**

Parts List: **Page 6**

Assembly Instructions:

- To assemble the XRR-ROPE-XR to the WALL: **Pages 7-8**

Adjustments and Maintenance:

- Resistance adjustments: **Page 9**
- To replace ADJUSTER PULL STRAP with KNOB: **Page 10**
- Belt adjustment: **Page 11**
- Rope replacement: **Page 12**
- Maintenance and inspection: **Page 13**
- Rope maintenance and repair: **Page 13**
- How to clean rope: **Page 13**

Limited Product Warranty: **Page 16**

NOTICE:

This manual provides contact information, warnings, instructions on the operation and maintenance of the RELENTLESS ROPE TRAINER as well as assembly steps for attaching this unit directly to a wall with wood studs. For instructions on how to assemble the RELENTLESS ROPE TRAINER to your Torque System, please refer to the manual included with your product or download manuals at: www.torquefitness.com/pages/assembly-manuals

WARNING !

Important safety instructions for using Equipment

There is a risk assumed by the individuals who use this type of equipment. To minimize risk, you must follow these precautions:

1. **READ ALL INSTRUCTIONS AND WARNING LABELS COMPLETELY PRIOR TO ANY USE OR ASSEMBLY.** Failure to read and follow the safety instructions and warnings within the Assembly and Maintenance Guide may result in possible serious injury or death. Use this product only for the intended uses described in the Assembly and Maintenance Guide. **DO NOT** modify equipment in anyway. **Any use other than as intended or modification of product will void any and all product warranties.**
2. Consult your physician before starting any exercise program. Warm up properly before engaging in resistance training. Stop exercising and consult a physician immediately if you experience dizziness, nausea, faintness, chest pain, shortness of breath or any other abnormal symptoms during use of this equipment.
3. Certain exercise equipment and/or equipment may not be suitable or appropriate for pregnant women, people with heart conditions, balance impairment or other pre-existing health problems. Persons with disabilities should consult a physician and obtain medical approval prior to using this product and should only use this product under close supervision. **Failure to comply with these instructions will void any and all product warranties.**
4. Carefully inspect equipment before each use. Replace all parts at the first sign of wear or damage (**NOTE: Some rope fraying is normal over time. See page 12 for rope care**). Tighten all loose connections. Pay special attention to rope and bolt connections. **DO NOT** use product if product appears damaged. **DO NOT** attempt to fix a broken or jammed machine, instead contact us at service@torquefitness.com. **Failure to comply with these instructions will void any and all product warranties.**
5. Keep body and clothing clear of all moving parts. Do not put anything foreign on or near this product when in use. Wear comfortable clothing which does not impair freedom of movement. Do not wear clothing which is too loose and could get caught in moving parts.
6. Make sure all adjustments are fully engaged after making an adjustment and before using the product.
7. This product is not a toy.

Important Safety Instructions for Assembling Equipment

1. **Assistance is required. Torque Fitness recommends using more than one person to assemble this equipment.**
2. This product must be assembled on a flat, level surface to assure its proper function. Locate the unit a few inches from walls or furniture to allow easy access during assembly and use.
3. Read each numbered step in Assembly and Maintenance Guide and follow the steps in sequence. Skipping ahead may result in damage to the equipment and may require components to be disassembled.
4. Wear proper attire during the assembly process. Do not wear clothing which is too loose or open toed shoes.

Obtaining Service

Do not attempt to service the product yourself except for maintenance tasks described in this manual.

Refer to the Adjustments and Maintenance section at the back of this manual.

For further information, visit our website at www.torquefitness.com or contact us at service@torquefitness.com

If you call or email customer service, have the model number and serial number(s) available. For future reference, write the model and serial number(s) in the space below.

Model Number: _____

Serial Number(s): _____

GENERAL NOTES

CAUTION: More than one person is required to assemble this unit. Do not attempt to assemble by yourself.

Unpacking the Equipment

This product may be packaged and shipped in multiple boxes. Parts from all of the boxes are required for various steps during the assembly process.

Carefully open each box and arrange all the parts near the area where assembly is to take place.

CAUTION: Use extreme care when cutting plastic tie wraps and package banding. A wire cutter works best for protecting yourself and the parts.

CAUTION: Some of the internal boxes may contain upholstery. Do not use a utility knife to open any boxes or the pads may be damaged.

The hardware is packed in bags. Carefully open each bag and sort them per parts list on the next page.

Before starting assembly, identify each part and hardware item as listed in the parts list on the next page. If any items are missing, contact Torque Fitness Customer service at: 763-754-7533 or service@torquefitness.com

Note: Some items listed in the parts list may already be pre-installed on the product.

Tools Required

- 8mm Allen wrench (**included**)
- Two (2) 3/4" wrenches
- Phillips screwdriver
- Wire snips (to cut plastic tie wraps)
- Scissors or utility knife (to cut hardware bags)
- Step stool or ladder
- Tape measure
- Wrench or socket for lag bolts (optional wall mount)
- Drill with 11/64" bit (for optional wall mount)

Optional Equipment

Optional equipment may be available for this product.

Follow the instructions included with the optional equipment to assemble it to the base product.

Assembly Tips

- In a continual effort to improve our products, specifications are subject to change.
- A 8" scale is provided at the bottom of every page. To correctly measure the bolts, measure from underneath the bolt head to the end of the bolt as illustrated below.
- Read all notes on each page before beginning that step.

Assembly Tips Continued

- Some of the items shown in the assembly steps may already be pre-assembled.
- **Note:** Some items have been hidden for assembly clarity.
- **Note:** Some assembled parts may need to be temporarily loosened in order to complete the step. Follow the instructions or damage to the product could occur.
- Some parts may have extra holes that will not be used. Use only the holes depicted in the instructions.
- Provide ample space around the product for ease of assembly.
- **DO NOT** fully tighten any connections until instructed to do so. This will help insure that the alignment of all of the parts will be correct.
- Insert all bolts in the direction indicated in the instructions. Failure to do so may result in clearance issues and will degrade the aesthetics of the product.

ITEM	PART NUMBER	DESCRIPTION	QTY	OPTIONAL
1	6064401	ASSEMBLY, RELENTLESS ROPE TRAINER	1	
2	5706901	KNOB, ADJUSTER HANDLE	1	
3	5676701	PLATE, MOUNTING	1	
4	5870301	WELDMENT, XERT/XRR MOUNTING	1	
5	2008904	BOLT, 1/2-13 X 1-1/4" (32mm) HEX HEAD	2	
6	2005804	BOLT, 1/2-13 X 1-1/4" (32mm) SOCKET HEAD	4	
7	2005817	BOLT, 1/2-13 X 4-1/2" (114mm) SOCKET HEAD	4	
8	2021001	NUT, 1/2-13 HEX FLG LK ST ZN	6	
9	2001301	WASHER, FLAT 1/2 SAE ST ZN	6	
10	5620701	WRENCH, 8MM ALLEN	1	
11	5867701	WELDMENT, WALL MOUNT	1	X
12	5869001	TUBE, SPACER, WALL HANGER	2	X
13	2001101	WASHER, FLAT 3/8 SAE ST ZN	8	X
14	2031101	SCREW, 3/8" LAG X 2.5"L CLEAR ZINC	8	X

OPTIONAL WALL MOUNT (WMB-RRR) : STEP 1

TO INSTALL:

1. Drill top two (2) - 11/64" pilot holes in center of wood studs .
2. Hang wall mount from top two screws and drill remaining pilot holes. *Note: Torque Fitness does not recommend mounting the unit to metal studs.*
3. Use wrench or socket to properly install all 8 lag screws as shown.

Note: *These instructions are for wall mounting only. If mounting to a rack, rig, or X Create, use the instructions provided with that product.*

CAUTION: Avoid potential injuries and damage:

This product is intended to be installed in wood studs, solid concrete, or concrete block only.

If mounting the unit to concrete or block, 8 anchors each with a 300lb minimum pull-out strength are required but not included.

Drywall must not exceed 5/8".

Minimum stud size is 2" x 4" .

Horizontal stud spacing must be 15.4" to 16.6" .

Stud centers must be verified.

Torque Fitness is not responsible for injury or damage caused by incorrect assembly or use.

SECURELY tighten all bolt connections in this step.

OPTIONAL WALL MOUNT (WMB-RRR) : STEP 2

INSTALL:

4. Select a tubular spacer (12) (provided with the wall mount kit). Insert $\frac{1}{2}$ " x $\frac{1}{4}$ " bolt (5) through washer (9) then tubular spacer (12) and into threaded hole in unit.
5. Repeat for second hole. Use $\frac{3}{4}$ " wrench to tighten both bolts.
6. Hang unit on wall mount from key-hole slots
7. Use $\frac{3}{4}$ " wrench to secure unit to wall mount with washers (9) and $\frac{1}{2}$ " x $\frac{1}{4}$ " bolts (6) (quantity 4).

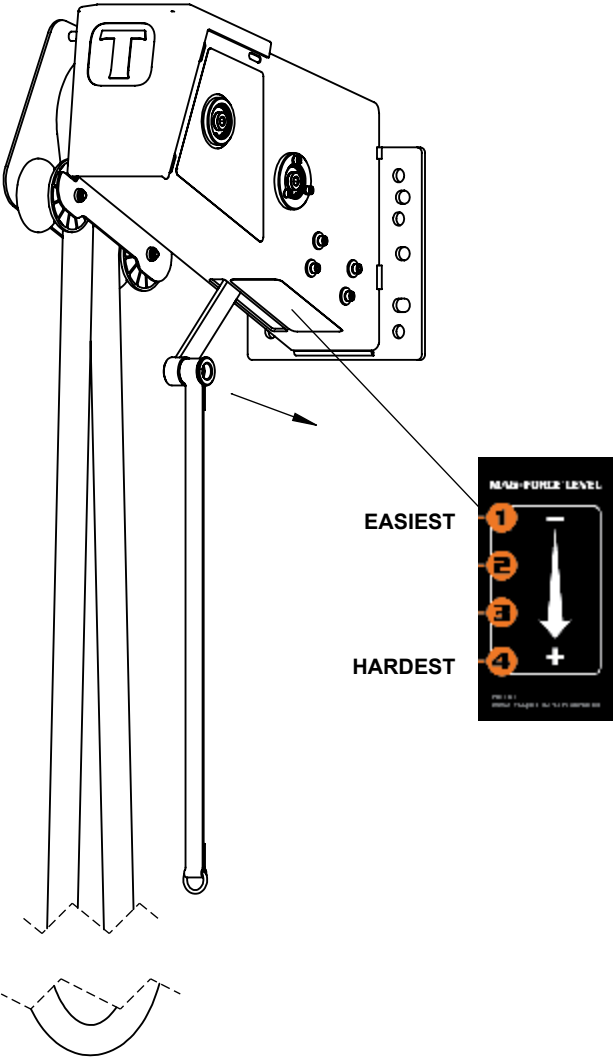

NOTE:

SECURELY tighten all bolt connections in this step.

RESISTANCE ADJUSTMENT AND USE

ROPE MAY BE PULLED FROM EITHER SIDE. DO NOT HANG ON ROPE.

ADJUSTER PULL STRAP REMOVAL

STEP 1: REMOVE STRAP

OPTION:

If the ADJUSTER LEVER can be reached while standing on the floor, then the ADJUSTER STRAP can be removed by following the steps above.

ADJUSTER HANDLE KNOB ASSEMBLY

STEP 2: ASSEMBLE KNOB

BELT ADJUSTMENT

STEP 1: REMOVE COVER

STEP 2: TENSIONING BELT

ROPE REPLACEMENT

NOTE:

Make sure the new ROPE is wrapped around the DRIVE ROLLER and bottom two GUIDE ROLLERS as shown.

PRODUCT AND ROPE INSPECTION:

- Periodically inspect all nuts and bolts. Tighten if necessary.
- Before each use, inspect rope for wear. See below for rope maintenance and care.
- Periodically clean metal, plastic and rubber parts using a clean damp rag.
- Check that the belt has enough tension. If belt is loose, follow the instructions on **PAGE 11**.
- For customer service contact Torque Fitness Customer service at: 763-754-7533 or service@torquefitness.com.

ROPE MAINTENANCE:

All Torque Fitness braided and twisted ropes are made of high quality polyester material because of its high tensile strength and low moisture absorption as compared to nylon. See notes below for closed-ended ropes:

- Closed-ended polyester rope will shrink by as much as 25% in length throughout the life of the rope. In most cases, with daily use, the rope will achieve its final length within 3 months.
- Rope diameter, softness and texture will change within the first 3 weeks of use. As the rope length shrinks, the rope diameter will increase slightly. The rope will also firm up.
- **SOME FIBER FRAYING IS NORMAL.** (See below).
- Wipe rope down using only a mild detergent. **DO NOT** use solvents or alcohol. Make sure rope is dry before use.

ROPE CARE:

In some cases, minor maintenance and repair may be required. See below for examples.

- **SOME FIBER FRAYING IS NORMAL.** If this happens, fiber strands can be trimmed away using a scissors. **(BE CAREFUL NOT TO CUT ROPE).**

LIVE AREA

TOP VIEW

WARNING: Keep other people outside of live area during use.

IMPORTANT SAFETY AND USAGE INSTRUCTIONS:

WARNING: The safety of this product can be maintained only if it is examined regularly for damage and wear. See inspection section on page 13 for more details.

- **WARNING:** Injuries to health may result from incorrect or excessive training.
- This product is designed for Class H home or domestic indoor use only. If unsure of proper use of this product, contact Torque Fitness Customer service at: **763-754-7533** (8:30 am - 5:00 pm CST) or email **service@torquefitness.com**
- Keep children away during use.
- **DO NOT** put fingers in between rope and pulleys.
- **DO NOT** wrap rope around neck and or body.
- **DO NOT** hang from rope, pull rope with hands only.
- **DO NOT** try to lift yourself off the floor.
- **DO NOT** hang from adjuster strap.
- **DO NOT** use RELENTLESS ROPE TRAINER without covers.
- **DO NOT** route rope over any bars, handles or frame components. Doing so will create excessive wear which will void the warranty on the rope.
- **DO NOT** attempt to use the RELENTLESS ROPE TRAINER for any purposes other than that for which it was intended.
- For your own safety, **DO NOT** begin any exercise program without proper instruction.
- Maintain solid footing.
- Avoid swinging and or whipping rope laterally which will get tangled up in adjuster strap.
- Keep children and pets away from RELENTLESS ROPE TRAINER at all times. Supervise teenagers.
- Keep all loose clothing, hair and shoelaces away from moving parts.

Limited Product Warranty

For warranty information, visit www.torquefitness.com/pages/warranty.

If you purchased your machine outside of the United States, consult your local distributor or dealer for warranty coverage.

For warranty questions or claims, email service@torquefitness.com, or call 763-754-7533.
